

Ladybird Room

Sharing Activity Sheet

Winter Term 1st Half 2017

Topics and Themes and Children's choice

- Winter
- Colours
- Guess how much I love you?

Songs and Rhymes

We have a lovely song sack that we change every half term. The children choose what songs to sing every day from the sack...if you want to know a particular song always ask us and we can sing it for you!!! (or give you a copy of the words)

Things to explore at home

- For Winter we will talk about the changing weather and will be playing with some fake snow and Ice at our sensory table. We will talk about what things we wear in the cold weather. You could start to label things your child is wearing, hat gloves ect.
- We always include a colour week in our themes as the children really enjoy exploring loads of different colour activities! You could start talking about the different colours all around your home. Point out the colours of cars you pass in the street....there are some great stories with colours in them you could look at with your child.
- **Guess how much I love you** is a fantastic story book by Sam McBratney that we will be sharing with the children. You could read this with your child and talk about all the things you love about them.
